

A student will have a schedule of their registered courses for each term on their William Penn University student portal. All courses will have a link to the textbook and required materials for each course. Textbook information is also available directly from the William Penn University Bookstore [website](#).

Students have approximately the first two weeks of every term to charge their books and required course materials directly from the William Penn University Bookstore to their William Penn student billing account. Students missing the deadline should contact the William Penn University [Business Office](#).
